

MISSOURI BUSINESS LEADERS SUMMIT • NOV. 16, 2009 • FEDERAL RESERVE BANK OF ST. LOUIS

Missouri's economy needs the support of business leaders to be sure its children are healthy, safe and ready to learn. Here are three things you can do to invest in tomorrow's workforce today:

- Lend your corporate voice by serving on statewide early childhood boards and committees.
- Help us identify early childhood champions in the business community to help advocate for early childhood issues in Missouri.
- Include the Summit messages in your personal and business conversations to engage your peers.

Additional information from this Missouri Business Leaders Summit can be found at www.dss.mo.gov/cbec.

I am especially interested in the following topic area(s):

- Promoting quality early learning opportunities, including pre-kindergarten
- Advancing children's health/mental health benefit coverage
- Increasing support for home visiting programs, such as Parents as Teachers, for vulnerable families in Missouri
